

Creativity is inventing, experimenting, growing, taking risks, breaking rules and having fun. 'Abhivyakti', the ability to express oneself is the defining difference between humans and other species, we have the power to express ourselves better and when we write, we express.

Abhivyakti, the Creative Writing Society of Ram Lal Anand College is newly formed in 2019 and has brilliant young writers working as a part in it.

The young team of Abhivyakti has also conducted various successful events and workshops within the college. Also, it has made events successful while in collaboration with Samdrasti, the College Magazine Committee.

All this would never have been possible without the hard work and cooperation of its members, and the dedication of its President and Vice President. The society's convener Dr. Ritambhara Misra and co convener Dr. Archana Gaur are the leading flames who have constantly provided support and guidance to the society members. The Abhiviyakti family is a wonderful agglomeration of diverse talents, minds and beautiful souls who spend endless hours putting in a bit of themselves into making this organization flourish.
