Ms. Yukti Grover

(Student Ambassador)

Mr. Gaurav Sharma

(Student Ambassador)

NUMBER OF PARTICIPATING STUDENTS: -

09

JUDGES: -

All Faculty Coordinators

BRIEF SUMMARY OF THE EVENT

For the pupils, Shuchita, the Cleanliness and Hygiene Committee, organised a Logo Making Competition in which both digital and handcrafted logos were accepted. If we look at this objectively, the competition's sole goal was to raise students' awareness of the ways in which we may preserve our environment, keep it clean and hygienic like we maintain our houses, and, while doing so, make it excitingly fun for the students who took part in the competition. In order to recognise everyone's contributions and brilliance, the committee also gave out electronic certificates. The committee, which was just established, is making every effort to establish its reputation among the college's students and faculty. The competition is one step nearer in the direction to achieve the ultimate goal.
