

Alumni Committee Report 2019-2020

The Alumni Committee organized more than ten lectures in the year 2019-20. These lectures focused on various topics and issues. Sometimes, they were about inspiring life and career stories and some other times about research and specific academic concerns.

Kiran Jyoti (batch of 2019, Geology Department), Karan Bhatia (batch of 2018, Commerce Department) Gyan Prakash Tripathi and Preeti (batch of 2017 Computer Science Department), Simran and Pradeep (batch of 2018, Computer Science Department), were all invited at different times to interact with their junior batches.

On 6th September 2019, Ms. Mansi Sabharwal and Mr. Bharat Sabharwal (both from the batch of 2014, Computer Science Department) conducted a workshop on Digital Marketing with the students. On 30th September 2019, Apoorv Awasthi delivered a lecture on “3D- Fault Modeling and Induced Seismicity, Southern Kansas”. He is currently pursuing Masters in Geology from Ludwig Maximilian University of Munich, Germany.

Dr. Mayuri Pandey, is an alumni of the college from the first batch of the Geology 2006 – 2009. She now teaches in the Department of Geology, Banaras Hindu University, Varanasi, UP, India. She was invited to the college on 03rd October, 2019 to deliver her research on “Depleting Icescapes and Climate Change”. She had a long interactive session with an audience of about a hundred students and teachers where she discussed her journey to Antarctica, the challenges she faced and the lessons she learnt.

On 31st October, 2019, Tara Kapoor (Batch of 2001, English Department) interacted with the students about her journey from the English Department of Ram Lal Anand College to the Philosophy as a discipline and any other cities and countries she shifted. Despite a physical deformity she went a long way from being a committed student and an active college President to finally being a corporate Lawyer in the Jersey and Luxembourg.

On 6th Nov, 2019, Nitin Khandelwal currently pursuing PhD from Indian Institute of Science Education and Research (IISER), Mohali, Punjab and on 13th Nov, 2019, Simren Garg, a Geologist in Slumberger, Mumbai, Maharashtra from the same batch (2014-2017) conducted career counselling sessions.

Dr. Ankit K. Verma (batch of 2014, Geology Department) is a Postdoctoral research fellow in the School of Physics, Trinity College, Dublin, Ireland. He gave a presentation on the topic “The role of impact processes in the subsequent weathering of rocks” a part of his PhD research work.
