

Annual report 2019-20

Andaaz- The Anchoring Society

ANDAAZ, anchoring society of the College, stands proud and determined with the notion for the more confident and unparalleled youth, which is unafraid and possesses the power of spontaneity to anchor at any point of time.

In the session 2019-20, *Andaaz* successfully conducted its first ever Formal Anchoring Workshop by Smt. Sadhna Srivastava, a renowned news reader and activist. Her experience in the field helped the students of Ram Lal Anand College to be more streamlined, directed towards anchoring.

Other than the workshop, *Andaaz* managed the stage and anchored for the main events of the college, such as The Fresher's Welcome and The Annual Cultural Fest. In addition to steering the event and maintaining a smooth flow, we also interact with our audience to add a fun element to the scenario through our fillers.

Kshamta Gulati, the president and Anukriti Prakash, the vice president of the society, from B.A. Hons.(English) final year, have worked day laboriously to elevate the name of the society and college to greater heights along with the other society members. The dedication and the idea of having an anchoring society was well accepted by the college authorities in the year 2018 and since then, the society has never looked back. We look forward to hosting many more events and interacting with people.
