The coordinators briefed about the event theme and rules to the students along with the importance of nationalism and to respect the freedom that we have inherited by the consistent efforts of freedom fighters and revolutions led by them that shaped our country as we see it today. All the students and the faculty members provided words and phrases related to freedom moments and freedom fighters. The student coordinator -Mr. Kartik collected the words and phrases in real-time and converted them to a Word Cloud in the shape of ‘Tiranga’. Everyone showcased Tiranga as a virtual background and some participants held the physical flag to reflect their enthusiasm.
